1. Introduction

Using the e-Auction Module, MIDC is going to invite bids online for allotment of plots.

The purpose of this document is to explain the entire process of how an Applicant is going to use e-Auction system to participate in bidding process online.

This manual explains How to:

1. Get Registered on e-Auction System
2. Get list of published Auction
3. Submit the bids online

2. Registration Process

The users are required to get registered on the e-Auction Portal of MIDC before they can access the system online and participate in the bidding process.

Following are the steps to register as a user of e-Auction portal.

Steps needs to follow by Applicant who has is a Non Registered Applicant

Step 1:

Go to **Internet browser** (Microsoft Internet Explorer is the most preferred Browser)

Step 2:

Type the URL > www.midcindia.org and press **Enter**, the screen below will be displayed.

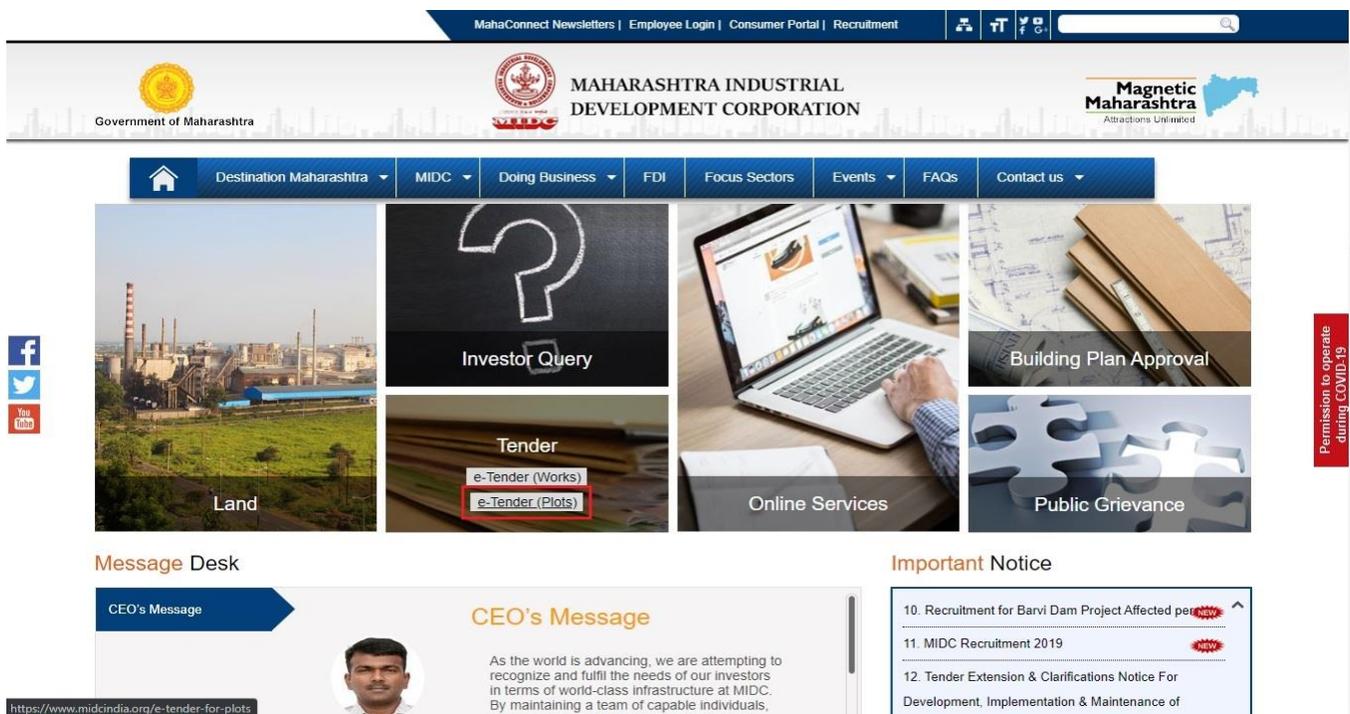

Figure: MIDC Tender Link

Step 3:

Click on e-Tender(Plots) link

Figure: Registration Details Submission

Step 7:

Please Note: Fields marked with ‘*’ are mandatory. Use the following guidelines to fill in the details.

Company Information Section

Fill in the fields Name of company, Address Country, State, District, City and Pin code. The Company’s Phone Number, Fax Number and URL of website should be mentioned in the respective fields.

Contact Information Section

Under this section Applicant should provide information about the person who is going to be a point of contact with the MIDC officials.

Login Information Section

In this section you create Login ID and Password which will be used by you subsequently to log into the e-Auction Portal for bid information, preparation and submission process.

The fields under this section should be filled using following guide lines.

User Id (Username)

This field contains 6-20 characters, only letters and numbers are allowed. You should not use any special characters while defining User ID. This ID will be unique to you for e-Auctioning Portal.

Password

This field can contain minimum 6-20 characters, at least one special character (e.g. ‘.’ or ‘!’ or ‘@’, etc.) and at least one numeric character.

Example: abcDFr@53

Security Questions

This is the question which will be asked to you in case you forget your password and want the system to reset this. You need to select the most appropriate question out of a list of questions given in the selection box. (**Tip:** Select the question whose answer you can easily remember but it is difficult for others to crack)

Security Answer

Type your own answer for the selected security question. The security question and security answer can be used in case you forget your password. Do this by clicking on 'Forgot Password' option. It is mandatory that you remember the security answer or note it down securely.

Data Authentication

In order to ensure that data is being placed in the system through authentic page a Captcha is displayed on the page by the system. The user needs to type exactly the same characters to validate and ensure that entry of fields is through an authentic page displayed by the application.

Step 8:

After filling all the details, click on the submit button to complete the registration process. On successful acceptance of USER ID and Password, the system will display a message stating successful registration as shown below.

User Manual for Auction

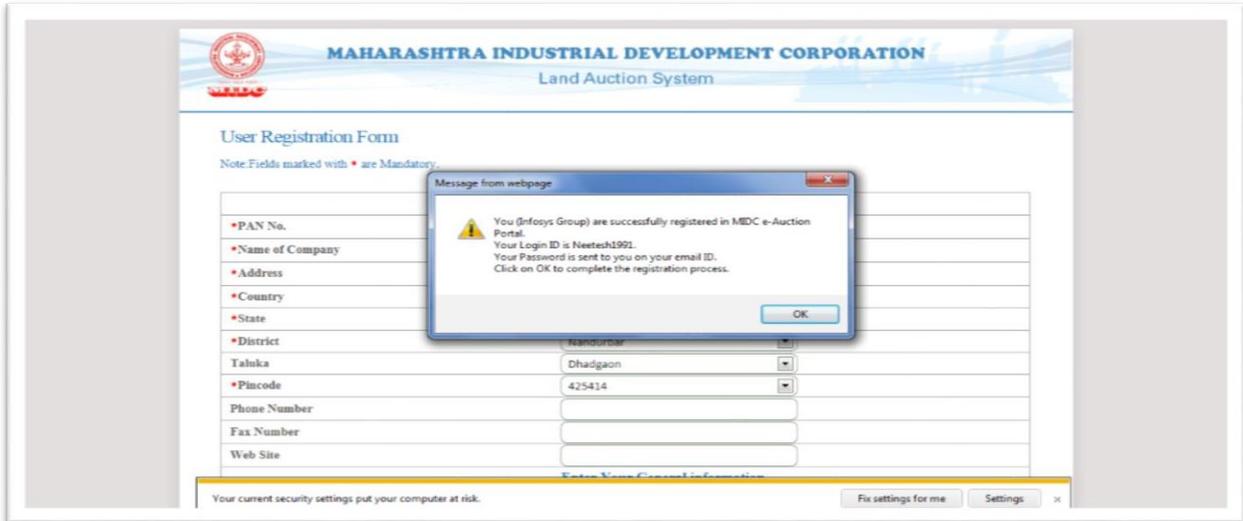

Figure: Successful Registration Confirmation

The applicant is now a Registered Applicant on the E-Auction Portal of MIDC and can use their User ID & Password for login into E-Auction System.

3. Prerequisites for Submission of Bids on MIDC e-Auction Portal

Applicant should complete the following procedure before they can submit the bids online on MIDC e-Auction Portal.

- 1 You should have successfully completed online e-Auction Portal registration process as described in earlier section and should have a valid User ID and Password to log into the system.
- 2 You should have procured Digital Signature key from an authorized agency. Procedural guideline document to procure digital signature key can be downloaded from the Applicant Login Page. (Click here to download the document now) <http://ebid.midcindia.org/eproc/login.aspx>
- 3 You should download digital signature verification component from MIDC e-Auction Portal server. The link to download this component is provided on Applicant Login Page.(Click here to download the document now) <http://ebid.midcindia.org/eproc/login.aspx>
- 4 You should install digital signature on the machine(s) you plan to use for bidding online. The Installation procedure is given by the Digital Signature Key provider. Instructions from them should be followed for successful installation.

4. Guidelines for submission of Bid on MIDC e-Auctioning Portal

After having ensured that all prerequisites as mentioned in section 3 are fulfilled, you are ready for the online bidding experience at MIDC e-Auction portal.

Following are the steps to be followed for Bid submission process.

Step 1:

Go to **Internet browser** (Microsoft Internet Explorer is a preferred Browser)

Step 2:

Type the URL > www.midcindia.org and press enter, below Screen will be displayed.

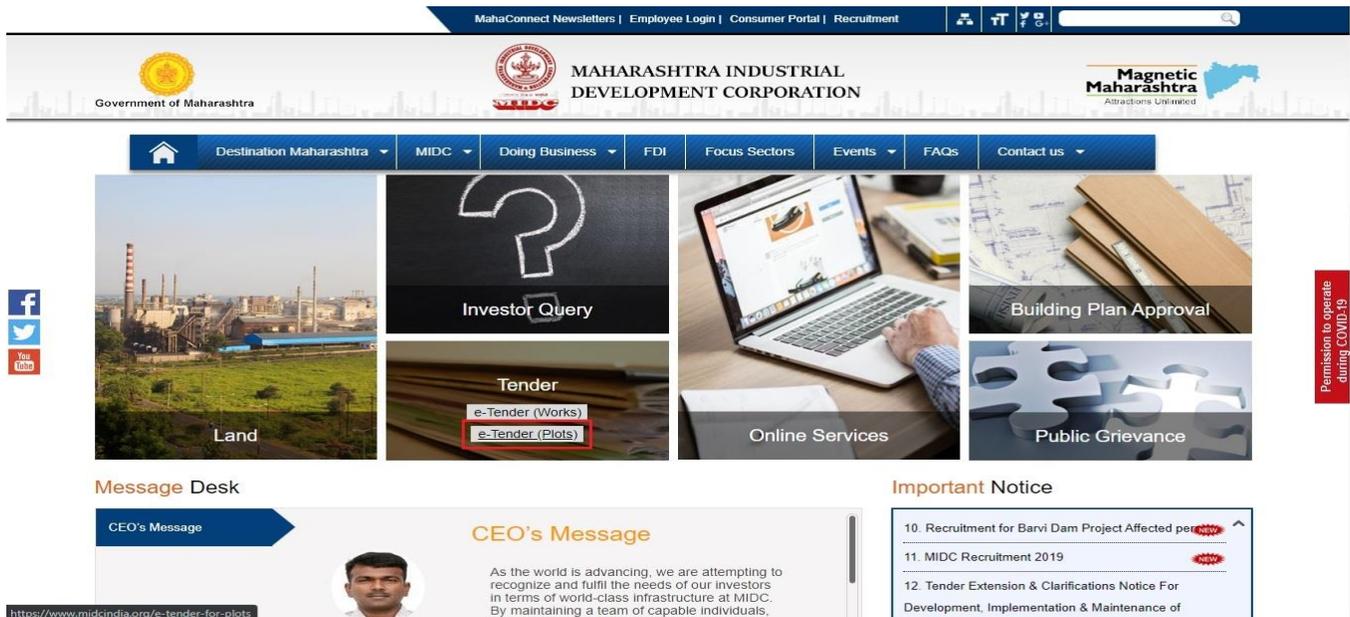

Figure: MIDC Home Page

Step 3:

Click on Tender -> e-Tender(Plots) link

Step 4:

The following Applicant **Login/Registration** Page will be displayed. Enter valid User ID and password in respective Fields and Click on Login button.

Figure: Home Page of Auction

Step 5:

Since e-Auction portal accesses local computer for digital signature verification, a security alert message will be displayed by browser. MIDC portal being a secured and authenticated portal you are required to allow access and should click on “Yes” button to proceed further.

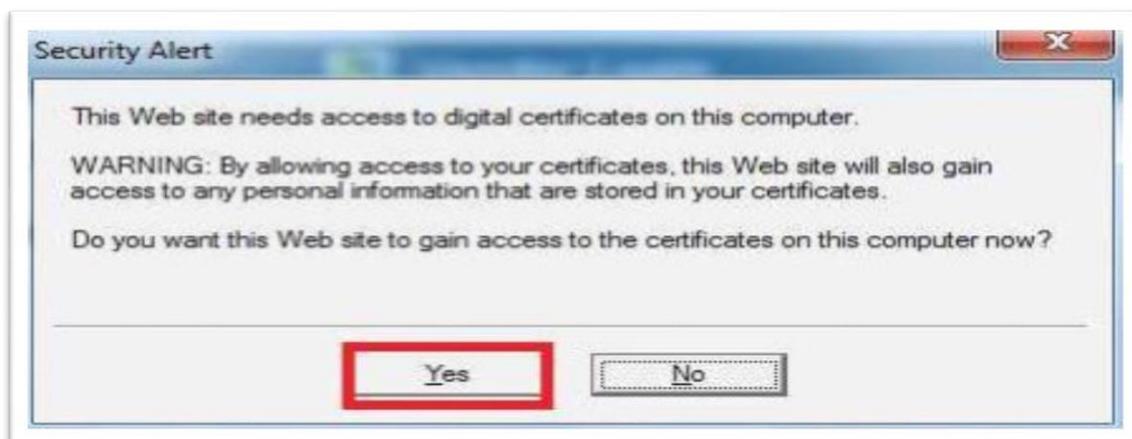

Figure: Confirmation of Token

User Manual for Auction

Step 6:

In this step you select Digital Signature you have procured. All installed digital signatures on your local machine will be displayed in the window below. You need to select the appropriate digital signature from the displayed list and provide a password for the same.

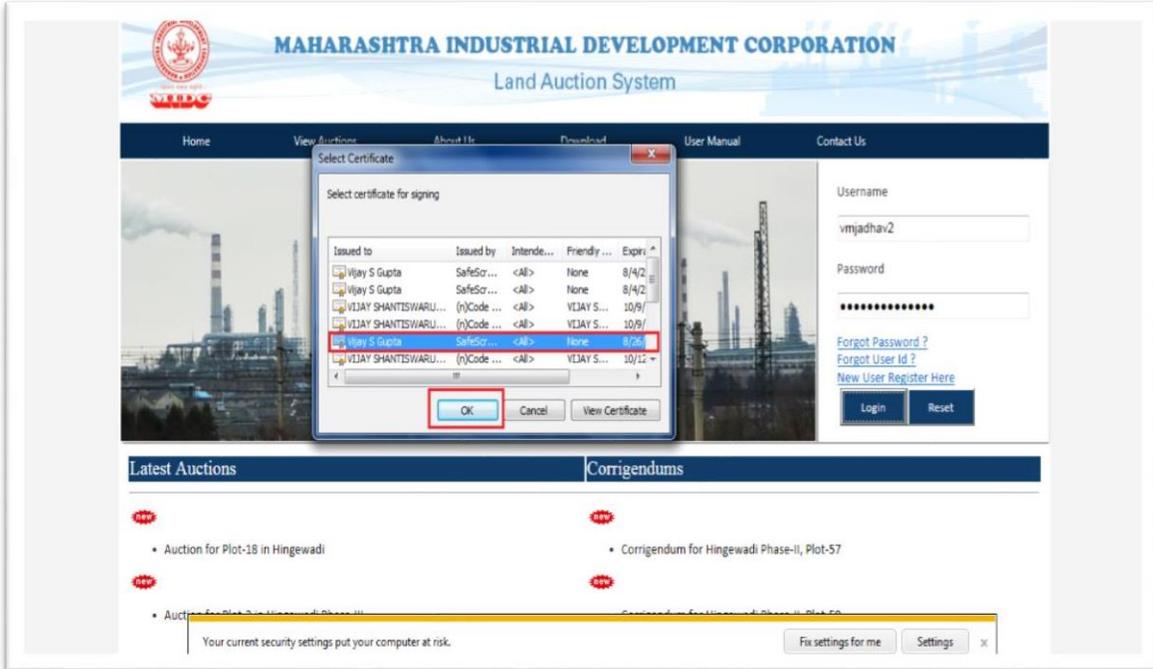

Figure: Selection of Token Password

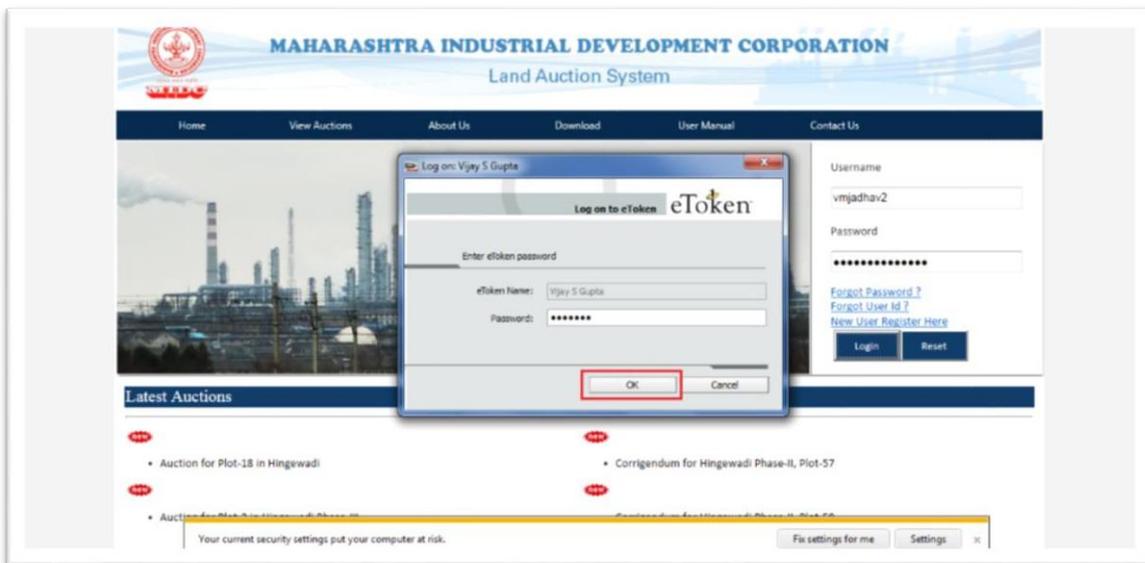

Figure: Token Password

Step 7:

Again you get security alert message. Allow access by clicking on “Yes” button. This will complete the digital signature verification process. On successful verification the Home Page of the Applicant will be opened.

Figure: Confirmation of Token

Step 8:

Home Page of Applicant in e-Auction portal is displayed as below

Figure: Auction Dashboard

User Manual for Auction

Applicant will view the following Auction listed on the home page. The Auction are classified under following categories.

Current Auctions: Auctions which are currently active and is available to bid.

Completed Auctions: Auction which are closed.

Participated Auctions: Auctions in which the applicant has participated.

Under All Auction options all the auctions listed under different options above will be displayed

Step 9:

One can search particular auction under 'All Auctions' section as per shown below.

Auction No	Department Name	Name Of Work	Due Date/Time	Bid Value (Rs.)	Query(Unread / Total)	Corrigendum	Typo	Publish Date
Auc7/2017	Engineering	Pune AKOLA - A-5]	08/03/2017 14:54:00	625000.00	Queries (0/0)	N.A.	B2	07/03/2017

Figure: **Search Auction**

4.1 Process of downloading the Auction Document

Step 1:

Click on 'Current Auctions' option to view the current auctions published by MIDC and are available for the Applicant to bid.

Step 2:

Current Auctions will be displayed on clicking the 'Lock sign' icon as highlighted below against the work Applicant want to Bid.

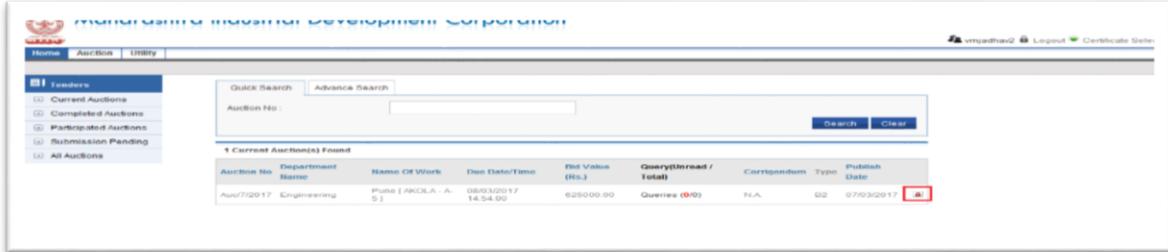

Figure: Auction Details

On clicking the Auction Tab in the menu bar, following options will be displayed - View Auction Notice, Download Document, View Corrigendum, View Drawing etc.

Step 3:

Click on the option "Download Document". A new screen is displayed for Auction Document.

4.2 Process of Document read confirmation

This states that Applicant has read the Auction document carefully before submitting the bid.

Step 1:

Click on "Document Read Confirmation" button from the list.

Figure: Document Read and Confirmation Tab

User Manual for Auction

As you click on the above link, following screen will be displayed.

Figure: Accept Document Read and Confirmation

Step 2:

Click on check box as highlighted and accept the terms and conditions mentioned in the Auction document.

Step 3:

Click on Accept button to confirm that Applicant has accepted the terms and condition.

Step 4:

Auction Brief information is displayed as below.

Now Applicant can start preparing Bid which includes Processing Fess, EMD details, Application Support, Technical envelop and Commercial bid in any order as they wished. The processes are explained below.

User Manual for Auction

Processing Fees Amount :

The screenshot displays the auction portal interface. On the left, there is a navigation menu with options: View Auction Notice, Download Tender Document, View Drawings, View Compendium, Document Read Confirmation, and Prepare Bid. The main content area shows auction details for Pune [AMRAVATI - AA-7].

Auction Details:

- Auction Name: Pune [AMRAVATI - AA-7]
- Estimated Cost Of Auction: 22500.00 INR

Figure: Bid Submission Completion

This completes the Commercial bid submission process.

4.6 Process for Resubmission of Commercial Bid

Applicant is allowed to resubmit bid before last date & time of submission. In this process the latest bid submitted by the bidder will be considered for the Auction opening.

After final submission of Bid, applicant can resubmit or change the bid. The system will maintain the log when and how many times the applicant has resubmitted the bid except the rate of quotation.

Step 1:

Click on Prepare Bid option from left side menu.

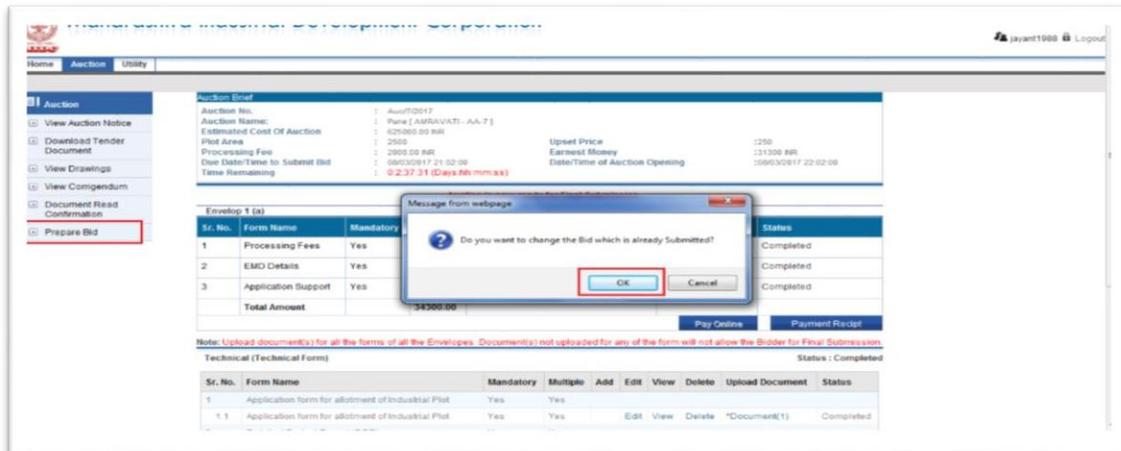

Figure: Prepared Bid Message for Resubmission Bid

Step 2:

Click ok "OK" then bid now will enable.

Step 3:

Click on "Bid Now" link to enter the bid for resubmission of commercial envelop.

Step 4:

Click on "Decrypt Data" button to decrypt the data

User Manual for Auction
